

Air One Radio Station offers COMMERCIAL FREE, FAMILY FRIENDLY MUSIC, NEWS & WEATHER. Air One is the radio station our entire family listens too. There are no vulgar and inappropriate advertisements. The shows are positive and uplifting. The music is great and safe for all ages.

Air One is so unique to our other stations because it does play contemporary pop & rock music but because it is Christian the message is encouraging in an entertaining way. I have never heard of another station that an entire family--kids included can be excited about and listen to. This station is a MUST, for not only OUR family but for the thousands of others in our community. Everytime I tell a friend or a mom about AIR1, they always say-"Thanks that station is great! And my kids love it."

I implore you to think about the thousands of families who survive with AIR1 as THE ONLY radio station for them and their family.! Please keep AIR1 on the air it is the only alternative to other vulgar or boring stations.
